II. DESCRIPTION OF BRIDGEPORT

Bridgeport is a limited liability company organized and existing under the laws of the State of Delaware and is a wholly-owned, indirect subsidiary of Dynegy Inc. ("Dynegy"). Bridgeport's principal office is located at 10 Atlantic Street, Bridgeport, Connecticut, 06604. Bridgeport owns and operates a natural gas-fired, combined cycle generating facility of approximately 527 net MW located in Bridgeport, Connecticut. Bridgeport is interconnected to the ISO-NE transmission grid and has been granted exempt wholesale generator status and market-based rate authority by the Federal Energy Regulatory Commission. Through its subsidiaries, Dynegy produces and sells electric energy, capacity and ancillary services in key U.S. markets. Dynegy's power generation portfolio consists of more than 18,000 megawatts of baseload, intermediate and peaking power plants fueled by a mix of natural gas, coal and fuel oil.

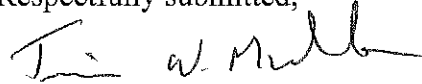

III. MOTION FOR PARTY STATUS

As an entity that files an annual report with the Council under Section 16-50r(a) of the Connecticut General Statutes and as a generator located within Connecticut, Bridgeport is directly affected by this proceeding. Bridgeport's participation in this docket will assist the Council in its preparation of its report addressing the ten year forecast of Connecticut loads and resources. Bridgeport has a direct and substantial interest in the proceeding that cannot be adequately represented by any other party, and its participation in this proceeding is in the public interest, will promote the interest of justice and will not impair the orderly conduct of the proceeding. As such, Bridgeport seeks full rights as a party in this proceeding, including the right to participate in the Council's hearing in this proceeding, introduce evidence, present and cross-examine witnesses and submit written argument.

**IV.
CONCLUSION**

WHEREFORE, for the reasons set forth above, Bridgeport respectfully requests that it be made a party in the above-captioned proceeding for all purposes.

Respectfully submitted,

Tim W. Muller
